

# NairoBuild

MATERIALS SUPPLIES

## Known spec, known price, delivered on site

Cement, aggregates, concrete products, plumbing and electrical supplies, tools and site equipment. Send a quantities list and get a quotation — no design conversation required.

## WHAT THIS COVERS

---

### **Cement & binding materials**

Cement and the binding materials a concrete or masonry pour needs. Priced by quotation.

### **Sand & aggregates**

Sand, ballast and aggregate, delivered to site by the load. Priced by quotation.

### **Concrete products**

Various — the paving and walling ranges, priced per order.

### **Masonry & walling**

Blocks, bricks and the walling ranges in the catalogue, for structural and facing work. Priced per order.

### **Plumbing supplies**

Pipework, fittings and sanitaryware for a first or second fix. Priced per order.

### **Electrical supplies**

Cable, conduit, switchgear and fittings for a domestic or light commercial installation. Priced per order.

### **Hand tools**

Hand tools for the trades working on site. Priced per order.

### **Site equipment**

The plant and site equipment a working site runs on. Priced per order.

### **Paving equipment**

Compaction, cutting and jointing equipment for laying paving. Priced per order.

### **Finishing equipment**

Equipment for the painting, plastering and finishing trades. Priced per order.

### **Project sourcing**

By quotation — we source against your BQ rather than a shopping list.

### **Bulk orders**

A whole project's materials ordered and delivered under one arrangement instead of trip by trip. Priced by quotation.

## HOW THE WORK RUNS

---

### **1. Request**

Send the quantities — item, spec, quantity, unit and where it is going.

### **2. Quotation**

A priced list back, with lead times against each line.

### **3. Sourcing**

We confirm stock and spec with the supplier before anything is loaded.

### **4. Delivery**

Delivered to site, checked off against the quotation on arrival.

## NEXT STEP

---

Send us the drawings, the area or just a photograph of the site and we will come back with a written scope and a price. Every job differs by access, ground conditions and finish, so there is no price list — there is a quotation for your project.
